

MINORITY FRONT MOTION: Minorities **Structures around Monuments and Museums**

Hon Speaker, I shall move as follows,

Noting that, tourism spinoffs from structures and museums in the USA generates around \$16 per visit, which equates to millions annually,

Further noting that if 1860 museums, other structures and monuments are dedicated to Indentured Indian Labourers, being an integral part of South Africa's history, these will have huge tourism spinoffs for KZN,

This Hon. House resolves to call on the Hon. MEC Moloï to give an update on structures, monuments and museums dedicated to the arrival of Indian slaves to KZN.

Moved by Shameen Thakur-Rajbansi
